

# Professional Presentation Package

*Learn and review the latest PowerPoint enhancements and techniques.*

## You will use PowerPoint:

- ✕ Differently
- ✕ Efficiently
- ✕ Effectively

Dynamic Presentation Skills will include discussion processes to make you a better speaker and presenter. Learn to include consideration of your proposed audience and what information you want to convey. Study different engagement tactics based on your delivery method, understand the different requirements and audience needs for virtual vs in-person presentation, main points of your presentation, how to introduce pictures, videos, drawings, etc., to each type of audience and anticipated questions.

## The Professional Presentation Package includes.

PowerPoint L1

PowerPoint L2
